

**Important Notice Regarding 2015 Fuel Tax Rate for B20 Fuel
Sold or Used for Nonresidential Heating**

Publication 908 (1/15), Fuel Tax Rates, has been revised to correct the petroleum business tax rate for B20 (nonresidential heating) fuel sold or used on or after January 1, 2015. The correct rate is 4.1 cents per gallon. The rate had been incorrectly listed as 4.2 cents per gallon.

NOTE: An N-Notice is generally issued to announce a singular event, such as an update to a previously issued tax form or instruction, or to announce a new due date for filing returns and making payments of tax because of a natural disaster. The Department does not revise previously issued N-Notices.
