

## Wireless Communications Surcharge Rates on Postpaid Wireless Communications Services Effective June 1, 2022

The Tax Law imposes a public safety communications surcharge on postpaid wireless communications services. The New York State wireless communications surcharge on postpaid wireless communications services is \$1.20 per month for each device in service during any part of a month for every customer whose place of primary use is in New York State. In addition, New York City and counties outside New York City may impose a local surcharge per month for each device in service during any part of a month for every customer whose place of primary use is in such locality.

Any items changed from the previous version appear in ***boldface italics***.

### Part 1 – Surcharge rate for localities that impose a local wireless communications surcharge

The chart below lists the combined state and local surcharge rate for the localities that impose a local surcharge. See Part 2 for a list of localities that do not impose a local surcharge.
