

New York State is working hard to enhance the way we do business with commercial vehicle operators through various online business services. HUT online renewal through OSCAR is one of those services.

OSCAR is an e-government initiative developed by the Departments of Taxation and Finance, Transportation, and Motor Vehicles, the New York State Thruway Authority in cooperation with the Federal Motor Carrier Safety Administration, and the New York State Motor Truck Association.

Currently, within OSCAR you can:

- add a vehicle(s) to your HUT, IRP, and/or IFTA fleet(s).
- transfer license plates from an existing IRP vehicle to a new IRP vehicle.
- convert a commercial vehicle license plate to an IRP plate.
- revise HUT credentials.
- cancel HUT credentials.
