**INSTRUCTIONS FOR FORM CT-240, Report of License Fee**

A foreign corporation must pay a license fee for the privilege of exercising its corporate franchise or carrying on its business in New York State. This fee is in addition to the annual franchise tax and is payable only once unless the capital share structure changes or the amount of capital stock employed in New York State has increased since the last license fee report was filed. Some changes in capital share structure are:

- a. Stock split.
- b. Issuance of authorized stock.
- c. Change of par value stock to no par value stock.
- d. Change of no par value stock to par value stock.

**WHO MUST FILE** — All corporations (except banking corporations as defined in paragraphs 1, 2, 3, 4, 5, 6, 7 and 8 of Section 1452(a) and insurance corporations) subject to a New York State franchise tax, organized under the laws of any state or country other than New York State must file Form CT-240.

A foreign corporation which is subject to the New York State franchise tax under Article 32, Section 1452(a)(9) or a foreign bank holding company which is included in a combined return under Article 32, Section 1462(f) is required to file a license fee report.

A foreign corporation or foreign bank holding company which would not otherwise be taxable in New York State except for its inclusion in a combined report or return under Article 9-A or Article 32 of the Tax Law is not required to file a license fee report.

Every foreign corporation required to file a license fee report, including foreign corporations included in a combined report or return under Article 9-A or Article 32 of the Tax Law is required to file the license fee report and compute the license fee on an individual basis.

**TIME FOR FILING** — Form CT-240 must be filed with the first franchise report, within 2½ months after the close of the fiscal or calendar year, and

whenever a change is made in the capital share structure of the corporation or whenever the amount of capital stock employed in New York State has increased since the last license fee report was filed.

Chapter 540 of the Laws of 1985 reduced the license fee rates to 5 cents on each share of no par value stock and 1/20th of 1% of the value of par value stock (previously 6 cents per share of no par value stock and 1/8 of 1% of the value of par value stock).

**GENERAL INFORMATION** — When the license fee is recomputed, the amount of any license fee that may have been previously paid may be taken as a credit against the recomputed license fee.

No credit for license fees previously paid will be allowed for merging foreign corporations or a foreign corporation which reincorporates in another state.

Refunds will not be made to a corporation when a recomputed fee is less than the fee previously paid.

The minimum license fee is \$10.00.

**Change of Business Information** — If there have been any changes in your business' name, ID number, mailing address, business address, telephone number or owner/officer information, complete the enclosed Form DTF-95, *Change of Business Information*.
