General Information

Chapter 638 of the Laws of 1986 provides that certain Article 9-A taxpayers may request a refund of the special additional mortgage recording tax instead of carrying it over to the following taxable year. For taxable periods beginning on or after January 1, 1986 through periods beginning before January 1, 1990, taxpayers claiming a credit for special additional mortgage recording tax paid pursuant to Section 253.1-a, with respect to mortgages of real property principally improved or to be improved by one or more structures containing in the aggregate not more than six residential dwelling units, each dwelling unit having its own separate cooking facilities, may elect to treat any unused portion of the tax credit as an overpayment of tax to be refunded on Form CT-43.1. This refund provision applies to Article 9-A taxpayers only. For additional information see TSB-M-86(9)C.

Chapters 13 and 59 of the Laws of 1987 provide that the special additional mortgage recording tax credit will not be allowed on residential mortgages recorded on or after May 1, 1987, if the real property being mortgaged is located in one of the counties comprising the Metropolitan Commuter Transportation District or Erie County.

A tax credit cannot reduce the franchise tax below the higher of the tax on minimum taxable income or the fixed dollar minimum. However, to avoid an unnecessary exchange of funds, we will apply this refund to the tax due and the balance, if any, will be refunded.

Interest will not be paid on the refund of the unused special additional mortgage recording tax credit.

You do not have to file Form CT-43 if you are claiming a refund on Form CT-43.1.
