

Instructions for Form CT-186
Franchise Tax Return - Gross Earnings of Electricity,
Water, Steam or Gas Companies
 Tax Law - Article 9, Section 186

Who Must File

Anyone who is taxable under Article 9, section 186 must file Form CT-186. This includes corporations, joint-stock companies, associations or publicly traded partnerships formed for or principally engaged in the business of supplying electricity, water, steam, or gas when delivered through mains or pipes. The tax is computed on gross earnings received from the employment of capital plus a tax on dividends paid for the tax year January 1 to December 31, 1991. You must report income for the calendar year even if you maintain your records and report to the IRS using a fiscal accounting period.

New for 1991

If you import (or cause to be imported) natural gas to be used or consumed in New York State, you may also have to file Form CT-189. For more information refer to the instructions for Form CT-189 or call our Taxpayer Assistance Bureau toll free (from New York State only) at 1 800 CALL TAX (1 800 225-5829). From areas outside New York State call (518)438-8581.

When and Where to File

Mail completed returns to: **NYS Corporation Tax, Processing Unit, P.O. Box 1909, Albany, NY, 12201-1909** on or before March 16, 1992.

If you cannot meet the filing deadline, ask for a three-month extension of time by filing Form CT-5.9 and paying any tax and tax surcharge due on or before March 16, 1992. An extension of time granted by the IRS to file a federal tax return does not extend the due date for filing Form CT-186.

Change of Business Information

If there have been any changes in your business name, ID number, mailing address, business address, telephone number or owner/officer information, complete Form DTF-95, *Change of Business Information*. If you don't have a form, call toll free (from New York State only) 1 800 462-8100. From areas outside New York State, call (518) 438-1073. If your address has changed, check the box next to the name and address on Form CT-186.

Real Property Gains Tax (Article 31-B, section 1449-a)

A corporation with an interest in real property located in New York must keep a record of the transfer of its stock and report annually every transfer of a controlling interest in its stock and any other information necessary for the enforcement of Article 31-B.

Controlling interest of a corporation is either 50% or more of the total combined voting power of all classes of stock or 50% or more of the capital, profits or beneficial interest in that voting stock.

If you answered Yes to both questions on page one, attach a separate sheet with the following information:

- name, address and identification number of the new controlling stockholder (use social security number for individuals and federal employer identification number for corporations);
- date transfer was made; and
- location of real property.

Independently Procured Insurance Tax — Article 33-A

If you purchase or renew a taxable insurance contract from an insurer not authorized to transact business in New York State under a Certificate of Authority from the Superintendent of Insurance, you will be liable for a tax of 3.6% of the premium (see Form CT-33-D or TSB-M-90(9)C for more information).

Foreign Corporations — Maintenance Fee and License Fee

A corporation organized outside New York State that is authorized to do business in New York must pay an annual maintenance fee of \$300. This fee may be claimed as a credit against the taxes due under Article 9, except the license fee imposed by section 181. If the total taxes on Form CT-186, CT-186-A or CT-186-P for December 31, 1991, are more than \$300, you have satisfied the requirement to pay a maintenance fee. If the total taxes payable are less than \$300, add the difference to line 11 of Form CT-186 to produce a total tax of \$300 plus the first installment for 1992.

Foreign corporations must also file a report of license fee (see Form CT-240, *Report of License Fee*).

Metropolitan Transportation Business (MTB) Tax Surcharge

Any corporation taxable under Article 9 that does business in the Metropolitan Commuter Transportation District (MCTD) must file Form CT-186-M and pay a MTB tax surcharge. The MCTD includes the counties of New York, Bronx, Kings, Queens, Richmond, Dutchess, Nassau, Orange, Putnam, Rockland, Suffolk and Westchester.

Instructions (continued)

Line A — After completing your return, enter the amount of your payment. Your payment should be the full amount shown on line 17.

Line 6 — You may take a credit against your franchise tax for any special additional mortgage recording tax you paid. This credit may not reduce your tax below the minimum tax, or if you are an authorized foreign corporation, it may not reduce the tax below the \$300 maintenance fee. You may carry any unused credit forward. Attach Form CT-43, *Claim for Special Additional Mortgage Recording Tax Credit*.

Line 8 — Chapter 190 of the Laws of 1990 amended Article 9 of the tax law to add section 188, which provides for a 15% and 10% tax surcharge.

A 15% tax surcharge applies to tax years ending on December 31, 1990, and December 31, 1991. A 10% tax surcharge applies to the tax year ending on December 31, 1992. The tax surcharge cannot be imposed on any taxpayer for more than 36 months.

The tax surcharge is computed on the tax **after** the deduction of any tax credits.

Once computed, the tax surcharge cannot be reduced by the special additional mortgage recording tax credit.

The tax surcharge does not apply to the metropolitan transportation business tax surcharge.

Line 10b — First installment for 1992 - If you did not file Form CT-5.9 and the amount on line 9 (franchise tax plus tax surcharge) is more than \$1,000, you must pay a mandatory 25% first installment of estimated tax for 1992.

Additional installments for 1992, Form CT-400 - If the franchise tax plus tax surcharge for 1992 is expected to exceed \$1,000, additional installments of estimated tax must be filed on June 15, September 15 and December 15. Use Form CT-400 to file and pay the additional installments of estimated tax for 1992.

Line 11 — Foreign Authorized Corporations: If your total taxes due with Forms CT-186, CT-186-A and/or CT-186-P for December 31, 1991, are less than \$300, add the difference to the tax due on this form and include the amount on line 11. Attach computation.

Schedule A - Computation of Gross Earnings Tax and Allocation Percentage/Issuer's Allocation Percentage

On lines 23 through 26, enter gross earnings attributable to New York State in column A and total gross earnings everywhere in column B.

Gross earnings are all receipts from the employment of capital without any deductions.

Your **issuer's allocation percentage** is used by corporate shareholders to compute their corporate franchise tax. It represents the amount of New York State gross earnings compared to gross earnings from everywhere.

Recent amendments to the Tax Law require most corporations doing business in New York State to provide the information needed to compute their issuer's allocation percentage. A **penalty of \$500** will be imposed for failure to provide this information.

A taxpayer paying the minimum tax must also complete this schedule and compute their issuer's allocation percentage.

Schedule B - Computation of Allocated Dividend Tax

Line 32 — The actual amount of paid-in capital is that part of the equity that was invested in the business enterprise by shareholders.

Line 33 — If dividends are paid once a year, include the value of the paid-in capital on the declaration date. If dividends are declared and paid more than once a year, the value of paid-in capital on which these dividends were paid must be averaged by computing the value of paid-in capital on each declaration date, and dividing by the number of dividend dates.

See TSB-M-82(8)C for additional information on the computation of the tax on dividends.

Line 38 — Multiply line 37 by .045. Enter this amount on line 2.
