Tax periods beginning in 1991 and after

5% on first \$350,000,000 of investment credit base 4% on excess of \$350,000,000 of investment credit base

* Optional 9% rate on research and development

property

For credit rates prior to 1/1/87 refer to section 210.12(a) of the NYS Tax Law

A taxpayer may compute the investment tax credit on research and development property at either the 5%/4% rate or a 9% rate. However, only research and development property on which the investment tax credit was computed at the 5%/4% rate may be included in the investment credit base when computing the employment incentive tax credit under section 210.12-D (see Schedule C).

An electing New York S Corporation must compute its investment tax credit at the rate of 4% on property other than research and development property and at 7% on research and development property. The pro rata share of the investment tax credit, computed at these rates will be allowed to each individual shareholder on Form CT-3-S.
