Vendor Collection Credit:

Sales from Part I are not eligible for the credit since they are subject only to local sales tax. You must subtract them, on Form ST-100, from the total sales amount reported. Sales of transportation and delivery of gas and electric are eligible for the vendor collection credit. However, the state tax rate for these services has been reduced to 3%.

Quarterly Schedule B Instructions

Consumer's Utility and Fuel Taxes for Residential and Nonresidential Gas, Electric, Refrigeration, and Steam Services, and Sales of Heating Fuels

Report transactions for the period December 1, 2000, through February 28, 2001.

Who must file

Complete and file *Quarterly Schedule B* with Form ST-100 if you:

- Provide nonresidential utility services in the city school districts (including the counties and cities in which they are located) listed in Part 3 of *Quarterly Schedule B*.
- Provide residential energy sources and services subject to tax.
- Are a vendor supplying the above services or are billing tenants on a sub-metering basis.
- Purchased the above services or property without payment of tax (under direct payment permits, exempt purchase certificates, or otherwise).

Sales and purchases subject to tax on telephone services, telephone answering services, and telegraph services are now reported on *Quarterly Schedule T*.

If you must file *Quarterly Schedule B*, you must also complete Form ST-100, *New York State and Local Quarterly Sales and Use Tax Return*. Report in Step 3 of Form ST-100 any taxable sales and purchases not being reported on this or any other schedule.

Specific instructions

Identification number and name — Print the sales tax identification number and legal name as shown on Form ST-100 or your business's *Certificate of Authority* for sales and use tax. Please be sure to print the sales tax identification number at the top of each page in the space provided.

Credits — Reduce the amount of taxable sales and services to be entered on a jurisdiction line by the amount of any credits related to that jurisdiction. If the result is a negative number, enter it in parentheses.

Note: Retailers of heating oil only who purchase enhanced diesel products that they later sell for residential heating may not take a credit for any prepaid tax passed through to them on these sales. They may recover this portion of the prepaid tax by filing Form FT-1010, *Application for Refund of Prepaid Sales Tax on Diesel Motor Fuel Sold Other Than at Retail Service Stations*.

PART 1

Enter in Column C your taxable sales of gas (including propane in containers of 100 pounds or more), electricity, and steam for **residential** use, to customers in the school districts and localities that impose the tax, listed in Part 1. Enter in Column D your taxable transportation and delivery for residential gas and electric, unless provided by same entity. (If provided by the same entity, add to Column C.) Do not report these same sales in Parts 2 or 3 of this form. Multiply Column C or D by the tax rate in Column E, and enter the resulting tax in Column F. After entering information for all jurisdictions required, separately total Columns C, D, and F, and enter the totals in the column total boxes of Part 1. Also enter these totals on page 10, Part 4, in boxes 1, 2, and 7.

PART 2

Enter in Column C your taxable sales of coal, fuel oil, and wood for residential heating, in the cities and counties listed in Part 2. Do not report these same sales in Parts 1 or 3 of this form. Multiply your Column C amount by the tax rate in Column D and enter the resulting tax in Column E. After entering information for all jurisdictions required, separately total Columns C and E, and enter the totals in the column total boxes of Part 2. Also enter these totals on page 10, Part 4, in boxes 3 and 8.

PART 3

Enter in Column C your taxable sales of gas (including propane in containers of 100 pounds or more), electric, and steam services for **nonresidential** use, and all sales of refrigeration service. Report in Column D the taxable transportation and delivery charge for nonresidential gas and electric services, unless provided by the same entity. (If provided by the same entity, add to Column C.)

Report in Column E your purchases of the property and services listed above that were made without payment of tax (under direct payment permits, exempt purchase certificates, or otherwise).

For each jurisdiction, multiply the total of Column C and Column E or the amount in Column D by the tax rate in Column F, and enter the resulting tax in Column G. After entering information for all jurisdictions required, separately total Columns C, D, E, and G. Enter the total in the column total boxes of Part 3. Enter Columns C, D, and G totals on page 10, Part 4, in boxes 5, 6, and 9. Include the Column E total on Form ST-100, page 2, Column D, in box 4. Include the Column D total on Form ST-100, page 4, Step 7A, on the second Schedule B line.

Note: Include all other sales of gas, electric, and steam services for **nonresidential** use, and all sales of refrigeration services in localities not listed in Part 3 of *Quarterly Schedule B* in the amount(s) reported on Form ST-100, in Step 3. Use Form ST-100 (or other schedules) for reporting other purchases subject to tax upon which the tax has not been paid. Industrial users who have not paid tax must report their taxable usage of utilities purchased in New York on *Quarterly Schedule B*, or on the appropriate jurisdiction line on Form ST-100.

PART 4

Add boxes 1, 2, and 3, and enter the total in box 4 titled *Vendor collection credit adjustment*. Enter this amount on Form ST-100, page 4, Step 7A, on the first Schedule B line. **The sales from Parts 1, 2, and 3 are not eligible for the credit** since they are subject only to local sales tax; you must subtract them, on Form ST-100, from the total sales amount reported.
