#### Filing requirements

Importers and others registered under Article 12-A as distributors of motor fuel or diesel motor fuel must also file Form FT-945/1045, *Report of Sales Tax Prepayment on Motor Fuel/Diesel Motor Fuel*, to report the sales tax prepayments due on motor fuel or diesel motor fuel. These prepayments must not be included in the taxable receipts reported on Form ST-809 or Form ST-810, *New York State and Local Sales and Use Tax Return Quarterly for Part-Quarterly Filers*, but distributors who have used these fuels or sold them at retail may take credits on Form ST-809 (or Form ST-810) for the prepaid tax already paid on the fuel used or sold (on the return, see box 5 of Step 1 or box 3 of Step 2 — *Credit for prepaid sales tax*).

#### Filing methods

Two methods are available for monthly filing: **long** and **short**. If you have filed returns for each of the four quarters

immediately preceding the month to be covered, you may use either method. Otherwise, you must use the long method.

**Long method** — You must report and pay actual state and local sales and use taxes due for the month.

**Short method** — You must report and pay an amount equal to one-third of the total state and local sales and use taxes that were due for the comparable quarter of the prior year, adjusted to reflect any new, increased or decreased local sales and use tax. Report local taxes as part of the total rather than separately.

#### Preaddressed labels

Place the enclosed peel-and-stick preaddressed label in the appropriate section on the front of the return (also be sure to include your identification number and name on any schedule you may be required to file). Keep a copy of the return for your records.

If you did not receive a return with a preaddressed label, complete the identification number, name, and address boxes on the front of the return.

# Instructions

**No tax due?** Check the box and enter your gross sales in box 1 of Step 1 below; enter **none** in boxes 2 and 3. You must file by the due date even if no tax is due. See 1 in instructions.

**Has your address or business information changed?** If so, enter new mailing address on preprinted label above. See 2 in instructions.

## 1 No tax due?

You must file a return even if you had no taxable sales and made no purchases subject to tax. Check the box, enter your gross sales and services in box 1 and write **none** in boxes 2 and 3. Then go to Step 3.

**Note:** You may be subject to penalty and interest if you do not file a return by the due date or do not pay in full.

## 2 Change of address or business information

If you need to update your sales tax mailing address, enter your correct address on the label we provided. If

you need to change your address for other New York taxes, or change other business information such as the name, identification number, physical address, or owner/officer information, complete and send in Form DTF-95, *Business Tax Account Update*. Obtain forms through fax-on-demand, Internet access, or call one of the telephone assistance numbers listed in the *Need help?* section on page 4.

## 3 Filing methods

Two methods are available for monthly filing: **long** and **short**. If you have filed returns for each of the four quarters

immediately preceding the month to be covered, you may use either method. Otherwise, you must use the long method.

If you use the long method, you must report and pay actual taxes due for the month.

If you use the short method, you must report and pay an amount equal to one-third of the total taxes that were due for the comparable quarter of the prior year. Make adjustments to reflect new, increased, or decreased taxes. Report local taxes as part of the total rather than separately.

Regardless of the method used, you must maintain complete records to be able to complete quarterly return Form ST-810, where you must report sales by each locality. You may also be required to file schedules A, B, B-ATT, H, N, N-ATT, P, Q, FR, T, T-ATT, NJ, and CT with the quarterly return, if any apply to you.

sold at retail (whether taxable or nontaxable\*), or used during the month covered by this return.

\*Exception: Credit for prepaid sales tax on motor fuel or diesel motor fuel that you sold in bulk (that is, through a marketing location other than a retail service station) to an exempt purchaser or delivered out of state to your customer should be reported on Form FT-945/1045.

The minimum penalty for late filing is \$50. Late payment and underpayment also result in interest charges; interest rates are adjusted quarterly and compounded daily.

To determine your penalty and interest amount, call 1 800 972-1233. A Tax Department representative will calculate the correct amount for you. Or you can use our Web site at [www.tax.state.ny.us](http://www.tax.state.ny.us) to determine your penalty and interest. Enter the total penalty and interest in box 11 of Step 1.

Substantiate credits that can be identified with a specific locality by attaching a statement explaining the basis for the credit; also attach any other supporting documents (for example, credit for tax a contractor paid on purchases of materials that were then used to perform repairs that are subject to the tax). Your substantiation must include the taxing jurisdiction, rate of tax paid, and calculations used to determine the amount of credit.

**Do not** include in box 4 of Step 1 any amounts reported on Form FT-945/1045.

**13 Comparable quarter of prior year**

Enter in box 1 of Step 2 total taxes that were due (before deducting credits or advance payments) for the comparable quarter of the prior year. Make adjustments to reflect any new, increased, or decreased taxes. (See *Short method adjustment* below.)

**Schedule FR filers:** When entering the total taxes that were due for the comparable quarter in the prior year, include the amount reported on Page 3, Column F, box 8, of the Schedule FR filed for the comparable quarter. The amount in box 8 is the total taxes reported on motor fuel and diesel motor fuel **before** deducting the credit for prepaid sales tax on either of these fuels.

**14 Credit for Prepaid Sales Tax**

Enter in box 3 of Step 2 the amount of sales tax prepaid to your suppliers on motor fuel or diesel motor fuel sold at retail or used during the month covered by this return.

Registered distributors of motor fuel or diesel motor fuel should also include in box 3 of Step 2 amounts prepaid with Form FT-945/1045 on motor fuel or diesel motor fuel sold at retail (whether taxable or nontaxable\*), or used during the month covered by this return.

\*Exception: Credit for prepaid sales tax on motor fuel or diesel motor fuel that you sold in bulk (that is, through a marketing location, other than a retail service station) to an exempt purchaser or delivered out of state to your customer should be reported on Form FT-945/1045.

Report empire zone (EZ) credits in this box and file Form AU-11 separately from your return. Mail Form AU-11 and all substantiation to the address shown on the form. Indicate on Form AU-11 the period of the return on which you are taking the credits.

Enter the total EZ credits and other credits you can substantiate but cannot identify with a specific locality. You **must** substantiate all credits in this box.

Substantiate other credits reported in box 5 of Step 2 by attaching a statement explaining the basis for the credit and any other supporting documents (for example, credit for tax a contractor paid on purchases of materials that were then used to perform repairs that are subject to the tax). Your substantiation must include the taxing jurisdiction, rate of tax paid, and calculations used to determine the amount of credit.

**Short method adjustment**

When a local rate has been increased or decreased, multiply the total taxable sales and purchases subject to use tax reported for that locality in the comparable quarter by the difference between the new and old rates. If a new local tax was enacted since the end of the prior comparable quarter, use current records to estimate taxable sales and purchases subject to use tax in that locality for three

months and multiply this amount by the new local tax rate. Total the adjustments for all such localities and add this amount to or subtract it from the taxes due for the comparable quarter last year. Enter this adjusted total in box 1 of Step 2. **List the names of the localities and the amount of the adjustment (show negative balances in parentheses) for each following the Step 2 box.**

*Example:*

*Note: The entries in this example are fictional. Do not use these figures when completing your return.*

City "Y" increased its local tax and County "D" decreased its local tax. If a vendor reported taxable sales for City "Y" in the prior year's comparable quarter and sales were also made in County "D" during that quarter, the adjustments would be computed as follows:

Locality*	Combined Rate Current	Combined Rate Comparable Quarter	Increase (Decrease)	x	Taxable Sales **	=	Adjustment*	
City "Y"	7%	6%	1%		\$250,000		\$2,500	
County "D"	5%	7%	(2%)		3,000		(60)	
Total adjustments to be added to comparable prior year's quarter .....								\$2,440

\* Enter information from these two columns in the space following the Step 2 box.

\*\* Includes purchases subject to use tax.

**16 Advance payments including PrompTax payments**

Enter in box 6 of Step 2 any tax you paid in advance, including PrompTax payments.

Do not include sales tax prepayments due on motor fuel or diesel motor fuel as advance payments. Report these prepayments on Form FT-945/1045.

**17 Interest and penalty**

If you are filing your return late or not paying the full amount due, or both, you owe penalty and interest. Penalty and interest are calculated on the amount of tax due, from box 8 of Step 2. The minimum penalty for late filing is \$50. Late payment and underpayment also result in interest charges; interest rates are adjusted quarterly and compounded daily.

To determine your penalty and interest amount, call 1 800 972-1233. A Tax Department representative will

calculate the correct amount for you. Or you can use our Web site at [www.tax.state.ny.us](http://www.tax.state.ny.us) to determine your penalty and interest. Enter the total penalty and interest in box 9 of Step 2.
