General information

For tax years beginning on or after January 1, 2004, Tax Law sections 24 and 606(gg) provide for tax credits for the film and television production industry. The Empire State film production credit (also referred to as the *film production credit*) is available to taxpayers subject to tax under Article 22 (personal income tax) or Article 9-A (general business corporations). Form IT-248 is for taxpayers subject to tax under Article 22. Those subject to tax under Article 9-A (including New York S corporations), should complete Form CT-248, *Claim for Empire State Film Production Credit*.

The credit is equal to 10% of the qualified production costs paid or incurred in the production of certain qualified films and television shows. If the amount of the credit allowable for any tax year exceeds the tax for that year, 50% of the excess is treated as an overpayment to be credited or refunded. No interest will be paid on the refund. The remaining excess may be carried over to the following tax year and may be deducted from the tax in that year. Any excess after application in the succeeding year is treated as an overpayment to be credited or refunded. No interest will be paid on the refund.

If the film production credit is claimed for *qualified production costs*, no other income tax credit may be claimed for those costs.

The amount of credit allowed for the current tax year is allocated by the New York State Governor's Office for Motion Picture and Television Development. **Attach a copy of your certificate of tax credit from this office for the credit allowed.** For rules and regulations regarding the credit, contact the New York State Governor's Office for Motion Picture and Television Development at nyfilm@empire.state.ny.us or call (212) 803-2330.
