## Claim for Handicapped-Accessible Taxicabs and Livery Services Vehicles Credit

Tax Law — Section 210.40

**CT-239-I**

### General information

The Tax Law has been amended to allow a credit to companies that provide a taxicab or livery service for the incremental cost associated with the purchase of a handicapped-accessible vehicle or the conversion of a motor vehicle to a handicapped-accessible vehicle that is used in providing the taxicab or livery service. The incremental costs must be incurred on or after January 1, 2006, and before January 1, 2009, and may be claimed for the tax year in which the incremental costs are incurred. The credit is available to taxpayers subject to tax under Article 22 (personal income tax) and Article 9-A (franchise tax on business corporations).

### Credit amount

The amount of credit equals the incremental costs associated with the purchase of a handicapped-accessible vehicle or the conversion of an existing motor vehicle to a handicapped-accessible vehicle. The credit may only be claimed once per vehicle and may not exceed \$10,000 per vehicle.

The credit may reduce the franchise tax due to zero. If the amount of credit exceeds the tax for the year the excess is **not** refundable. However, any amount of credit not claimed in the current tax year may be carried forward for an unlimited number of tax years. The credit is not allowed against the metropolitan transportation business tax (MTA surcharge) under Article 9-A.

### Claim for credit or refund for fiscal-year filers

The credit for handicapped-accessible taxicab and livery service vehicles is allowed for incremental costs incurred on or after January 1, 2006. Therefore, fiscal-year taxpayers that incurred incremental costs on or after January 1, 2006, but prior to the end of their fiscal year ending in 2006, and who filed a return that did not claim the credit, may file a claim for refund.

File Form CT-8, *Claim for Credit or Refund of Corporation Tax Paid*, and attach the 2006 version of Form CT-239. A claim for credit or refund of tax must be filed within three years from the date the return was filed or within two years from the date the tax was paid, whichever is later.

### New York S corporations

New York S corporations calculate an amount of handicapped-accessible taxicabs and livery service vehicles credit. However, the S corporation may not use the handicapped-accessible taxicabs and livery service vehicles credit against its own tax liability; instead, the credit is passed through to the shareholders to use against their personal income tax liabilities on their New York State income tax returns.

Provide all shareholders with their pro rata share of the credit calculated. The shareholders file their own Form IT-239, *Claim for Handicapped-Accessible Taxicabs and Livery Service Vehicles Credit*, to claim the credit on their New York State personal income tax returns.

### Corporate partners

If you are a corporate partner who has handicapped-accessible taxicabs and livery service vehicles credit passed through to you from a partnership, complete Part 3, and enter your pro rata share of the credit passed through to you from the partnership on lines 4 and 13.

### Combined filers

A taxpayer filing a combined return as a member of a combined group is allowed to claim the handicapped-accessible taxicabs and

livery service vehicles credit. The credit is computed on a separate basis, but it is applied against the combined tax.
