\*For rates not shown, access our Web site or call the Corporation Tax Information Center (see *Need help?* in the instructions of your tax return).

## Schedule A, Part 1 — Adjusted seasonal installment method (see instructions)

**Note:** Use this method only if the base period percentage for any 6 consecutive months is at least 70%. Use lines 46 through 51 below to compute the base period percentage. When appropriate, in lieu of ENI, use the applicable base.

|          |  |                      | <b>A</b> – 2005   | <b>B</b> – 2006          | <b>C</b> – 2007          |
|----------|--|----------------------|-------------------|--------------------------|--------------------------|
| 46       | Enter the period of 6 consecutive months for which the bas   | e percentage         |                   |                          |                          |
|          | is to be computed: through   |                      |                   |                          |                          |
| 47       |  | preceding periods    |                   |                          |                          |
| 48       | Enter the total ENI for the entire year in preceding periods.  | ÷ ·                  |                   |                          |                          |
| 49       | In each column, enter as a percentage the result of dividing   |                      |                   |                          |                          |
|          | line 47 by that column's line 48   | -                    | c                 | %                        | %                        |
| 50       | Add the percentages in line 49, columns A, B, and C, and e   | enter the result her | e:                | %                        |                          |
| 51       | Base period percentage: Divide line 50 by three and enter the res  | ult here:            | <b>%</b> . If 70% | or higher, continue with | th Schedule A, line 52a. |
|          |  | I                    | I                 |                          | -                        |
|          | er ENI for the following:  | A                    | B — 1st 5 month   | s C — 1st 8 months       | s D — 1st 11 months      |
|          | Tax year beginning in 2005   |                      |                   |                          |                          |
|          | Tax year beginning in 2006   |                      |                   |                          |                          |
|          | Tax year beginning in 2007   |                      |                   |                          |                          |
| 53       | Enter the total of the amounts that enter into the   |                      |                   |                          |                          |
|          | computation of ENI for 2008 for the months delineated  |                      |                   |                          |                          |
|          | in each column   |                      |                   |                          |                          |
|          | er ENI for the following periods:  |                      | 1st 6 months      | 1st 9 months             | Entire year              |
|          | I Tax year beginning in 2005   |                      |                   |                          |                          |
|          | Tax year beginning in 2006   |                      |                   |                          |                          |

| 55       | Divide the amount in each column on line 52a by the  |                      |                   |                          |                          |
|          | amount in column D on line 54a   |                      |                   |                          |                          |
| 56       | Divide the amount in each column on line 52b by the  |                      |                   |                          |                          |
|          | amount in column D on line 54b   |                      |                   |                          |                          |
| 57       | Divide the amount in each column on line 52c by the  |                      |                   |                          |                          |
| 50       | amount in column D on line 54c   |                      |                   |                          |                          |
| 58       | Add lines 55 through 57  |                      |                   |                          |                          |
| 59       | Divide line 58 by three  |                      |                   |                          |                          |
| 60<br>61 | Divide line 53 by line 59  |                      |                   |                          |                          |
| 61       | Figure the tax on the amount on line 60 using the instructions for<br>your corporation's return (see instructions for MTA surcharge) |                      |                   |                          |                          |
| 62       |  |                      |                   |                          |                          |
| 02       | by the amount in column D on line 54a  |                      |                   |                          |                          |
| 63       | Divide the amount in each of columns B and C on line 54b   |                      |                   |                          |                          |
| 00       | by the amount in column D on line 54b  |                      |                   |                          |                          |
| 64       | Divide the amount in each of columns B and C on line 54c   |                      |                   |                          | _                        |
|          | by the amount in column D on line 54c  |                      |                   |                          |                          |
| 65       | Add lines 62 through 64  |                      |                   |                          | -                        |
| 66       | Divide line 65 by three  |                      |                   |                          |                          |
| 67       | Multiply the amounts in columns B and C of line 61 by  |                      |                   |                          |                          |
|          | columns B and C of line 66. In column D, enter the   |                      |                   |                          |                          |
|          | amount from line 61, column D  |                      |                   |                          |                          |
| 68       | Enter any other taxes for each payment period (see instructions)   |                      |                   |                          |                          |
| 69       | Total tax before credits (add lines 67 and 68)   |                      |                   |                          |                          |
| 70       | Enter the amount of tax credits your corporation is  |                      |                   |                          |                          |
|          | entitled to for the months shown in each column  |                      |                   |                          |                          |
|          | heading above line 52a   |                      |                   |                          |                          |
| 71       | Total tax after credits. Subtract line 70 from line 69.  |                      |                   |                          |                          |
|          | If zero or less, enter 0   |                      |                   |                          |                          |
| 72       | If <b>not</b> a large corporation, enter .91(91%). Otherwise, enter 1.   |                      |                   |                          |                          |
| 73       | Multiply line 71 by line 72  |                      |                   |                          |                          |

## Schedule A, Part 2 — Annualized income installment method

|    |  | Α | В          | С          | D          |
|----|--|---|------------|------------|------------|
| 74 | Annualized periods (see instructions)  |   | 1st months | 1st months | 1st months |
| 75 | See instructions   |   |            |            |            |
| 76 | See instructions   |   |            |            |            |
| 77 | Annualized taxable income. Multiply line 75 by line 76                                     |   |            |            |            |
| 78 | Figure the tax on the line 77 amount using the instructions for                            |   |            |            |            |
|    | your corporation's return (see instructions for MTA surcharge)                             |   |            |            |            |
| 79 | Enter any other taxes for each payment period (see instr.)                                 |   |            |            |            |
| 80 | Total tax before credits (add lines 78 and 79)   |   |            |            |            |
| 81 | Tax credits (see instructions)   |   |            |            |            |
| 82 | Total tax after credits. Subtract line 81 from line 80;<br>if zero or less, enter <b>0</b> |   |            |            |            |
| 83 | If <b>not</b> a large corporation, enter .91 (91%). Otherwise,<br>enter 1                  |   |            |            |            |
| 84 | Multiply line 82 by line 83  |   |            |            |            |
| 85 | Applicable percentage  |   | 50%        | 75%        | 100%       |
| 86 | Multiply line 84 by line 85  |   |            |            |            |

Schedule A, Part 3 – Required installment — In completing Part 3, complete one column before going to the next column.

|    |  | Α | В | С | D |
|----|--|---|---|---|---|
| 87 | If only Schedule A, Part 1 or Part 2 is completed, enter the |   |   |   |   |
|    | amount in each column from line 73 or line 86. If both       |   |   |   |   |
|    | parts are completed, enter the smaller of the amounts in     |   |   |   |   |
|    | each column from line 73 or line 86                          |   |   |   |   |
| 88 | Add the amounts in all preceding columns of line 93          |   |   |   |   |
| 89 | Subtract line 88 from line 87. If zero or less, enter 0      |   |   |   |   |
| 90 | Subtract line 11, column A (MFI), from line 5. Divide the    |   |   |   |   |
|    | result by three and enter in each of columns B, C, and D     |   |   |   |   |
| 91 | In column C, subtract line 89, column B from line 90,        |   |   |   |   |
|    | column B. If zero or less, enter <b>0</b> . In column D,     |   |   |   |   |
|    | subtract line 93, column C from line 92, column C            |   |   |   |   |
|    | and enter the result   |   |   |   |   |
| 92 | Add lines 90 and 91  |   | Г |   |   |
| 93 | Required installments — For column A, enter the amount       |   |   |   |   |
|    | from line 11, column A (MFI). For column B, enter the        |   |   |   |   |
|    | smaller of line 89, column B or line 90, column B.           |   |   |   |   |
|    | For columns C and D, respectively, enter the smaller         |   |   |   |   |
|    | of line 89 or line 92. Also enter each result on line 11     |   |   |   |   |

## Schedule B – Line 9 exception (see instructions)

| 94  | 2007 ENI base multiplied by 2008 ENI tax rate                               | 94.  |  |
|-----|---|------|--|
| 95  | 2007 capital base multiplied by 2008 capital tax rate                       | 95.  |  |
| 96  | 2007 MTI base multiplied by 2008 MTI tax rate                               | 96.  |  |
| 97  | 2008 fixed dollar minimum tax   | 97.  |  |
| 98  | Enter the amount from line 94, 95, 96, or 97, as applicable                 | 98.  |  |
| 99  | 2007 subsidiary capital base multiplied by 2008 subsidiary capital tax rate | 99.  |  |
| 100 | Any other taxes (see instructions)  | 100. |  |
| 101 | Add lines 98, 99, and 100   | 101. |  |
| 102 | 2007 tax credits  | 102. |  |
| 103 | Recomputed tax (subtract line 102 from line 101); enter here and on line 4  | 103. |  |
|     |   |      |  |
