

Cigarette Use Tax Return

Tax Law — Article 20

This return must be filed within 24 hours after the tax liability is incurred. Carefully read the instructions and attach photocopies of your purchase invoices to this return.

You may also have to pay a sales and use tax on your cigarette purchases. The sales and use tax is paid with your personal income tax return or by filing Form ST-140, *Individual Purchaser's Annual Report of Sales and Use Tax*. Generally, the sales and use tax is due on April 15 (see instructions).

Keep a copy of Form CG-15 and a copy of either your personal income tax return or Form ST-140 for your records.

Please print or type	Legal name	Federal employer identification number	Social security number
	Mailing address (number and street or rural route)		
	City	State	ZIP code

Computation of cigarette use tax — Complete Schedule A and/or Schedule B as applicable (see instructions).

Conversion calculation

The cigarette use tax on Form CG-15 is computed on the basis of a *standard package* of 20 cigarettes.

For *nonstandard packages* containing more than 20 cigarettes per pack, use the following calculation to convert the number of *nonstandard packages* to an equivalent number of *standard packages*.

Multiply the number of cigarettes in the nonstandard pack by the number of nonstandard packs. Then divide by 20. Enter the resulting number of equivalent standard packs in column G of Schedule A on page 1 and/or Schedule B above, as applicable.

Make a separate entry on the schedule(s) for each brand, pack size, and date of use.

Conversion calculation formula	
$\frac{\text{Number of cigarettes per nonstandard pack} \times \text{number of nonstandard packs}}{20 \text{ cigarettes in a standard pack}} = \text{number of equivalent standard packs} *$	
* Enter this result in Column G of Schedule A and/or Schedule B, as appropriate.	
Example: $\frac{25 \text{ cigarettes per pack} \times 10 \text{ packs}}{20} = 250 \div 20 = 12.5 \text{ standard packs}$	

Note: New York State Public Health Law prohibits the sale of cigarettes in packs containing fewer than 20 cigarettes.
