Claim for Excelsior Jobs Program Tax Credit

Tax Law — Sections 31 and 606(qq)

Temporary deferral of certain tax credits

For tax years beginning on or after January 1, 2010, and before January 1, 2013, if the total amount of certain credits that you may use to reduce your tax or have refunded to you is greater than \$2 million, the excess over \$2 million must be deferred to, and used or refunded in, tax years beginning on or after January 1, 2013. For more information about the credit deferral, see Form IT-500, *Income Tax Credit Deferral*.

If you are subject to the credit deferral, you must complete all credit forms without regard to the deferral. However, the credit amount that is transferred to your tax return to be applied against your tax due or to be refunded to you may be reduced. Follow the instructions for Form IT-500 to determine the amounts to enter on your tax return.

General information

The Tax Law provides a credit to taxpayers who are participants in the Excelsior Jobs Program. Individuals (including sole proprietors), estate and trusts, shareholders of an S corporation, partners in a partnership (including a member of a limited liability company (LLC) that is treated as a partnership for federal tax purposes), and beneficiaries of an estate or trust may claim the credit.

A business enterprise must submit a completed application to Empire State Development (ESD). If ESD determines that a business entity will be a participant in the program, based on its application, it will issue to the entity a certificate of eligibility, a preliminary schedule of benefits, and a certificate of tax credit for one tax year. To receive a certificate of tax credit for subsequent tax years, the participant must demonstrate to ESD that the entity continues to satisfy the eligibility criteria. For more information about the Excelsior Jobs Program application and approval process, visit ESD's Web site (at www.esd.ny.gov).

A taxpayer who has been issued a certificate of tax credit by ESD will be allowed to claim the excelsior jobs program tax credit. The certificate of tax credit will indicate the amount of each credit component that may be claimed for the tax year. A taxpayer will be allowed to claim only the amount listed on the certificate of tax credit for that tax year. The certificate of tax credit must be attached to the taxpayer's return.

A business accepted into the Excelsior Jobs Program must agree to be permanently disqualified for Empire Zone benefits at any location that qualifies for Excelsior Jobs Program benefits.

Eligibility

To be a participant in the Excelsior Jobs Program, a business entity must operate predominantly in New York State in certain industries.

It must also be a regionally significant project or create a minimum number of net new jobs. See the chart below.

Business entity	Number of net new jobs
Operating predominantly as a financial services data service center or a financial services back office operation	100
Operating predominantly in manufacturing	25
Operating predominantly in software development and new media	10
Operating predominantly in scientific research & development	10
Operating predominantly in agriculture	10
A business entity creating or expanding back office operations or a distribution center in the state	150
Operating predominantly in an industry with significant potential private-sector economic growth and development in this state	N/A

A business entity operating predominantly in one of the industries listed above that does not meet the net new job requirement must have at least 50 full-time job equivalents and demonstrate that its benefit-cost ratio is at least 10 to 1.

The following are not eligible to claim the excelsior jobs program tax credit:

- a not-for-profit entity;
- a business entity whose primary function is the provision of services, including personal services, business services, or the provision of utilities;
- a business entity engaged predominantly in the retail or entertainment industry; **or**
- a company engaged in the generation or distribution of electricity, the distribution of natural gas, or the production of steam associated with the generation of electricity.

A taxpayer may claim the excelsior jobs program tax credit for 10 consecutive tax years commencing with the first tax year for which the taxpayer receives a certificate of tax credit or the first tax year listed on its preliminary schedule of benefits, whichever is later. If a participant fails to satisfy the eligibility criteria in any one year, it will lose the ability to claim the tax credit for that year. Such failure does not extend the original 10-year eligibility period.

The excelsior jobs program tax credit is equal to the sum of the following four credit components:

- the excelsior jobs tax credit component,
- the excelsior investment tax credit component,
- the excelsior research and development tax credit component, **and**
- the excelsior real property tax credit component.

See the instructions for Schedule A, Parts 1 through 4, for more information on these components.

No cost or expense paid or incurred can be the basis for more than one component of this credit or any other credit, with two exceptions. First, a participant may claim both the excelsior investment tax credit component and the investment tax credit (Tax Law section 606(a)) for research and development property. Second, research and development expenditures in this state, including salary or wage expenses for jobs related to research and development activities in

this state, may be used as the basis for both the excelsior research and development tax credit component and the qualified emerging technology company (QETC) facilities, operations and training tax credit (Tax Law section 606(nn)).

Any unused amount of credit for the current tax year will be treated as a refund or overpayment of tax to be credited to next year's tax. Interest will not be paid on the refund or overpayment.

If a certificate of eligibility or a certificate of tax credit is revoked because you do not meet the eligibility requirements, you must recapture the amount of excelsior jobs program tax credit previously claimed prior to that revocation. The amount of credit to be recaptured must be added back to tax for the tax year in which the revocation becomes final.

Who must file

File Form IT-607 if you are an individual, a beneficiary or fiduciary of an estate or trust, a partner in a partnership, or a shareholder of an S corporation, and:

- you are claiming the excelsior jobs program tax credit; **or**
- you are required to recapture any previous excelsior jobs program tax credit due to a certificate of eligibility or certificate of tax credit being revoked.

An estate or trust that divides the credit or addback of credit among itself and its beneficiaries must attach Form IT-607 to Form IT-205, *Fiduciary Income Tax Return*, showing each beneficiary's share of the credit or recapture of the credit.

A partnership must file Form IT-607 with Form IT-204, *Partnership Return*, showing the total of each credit component of the partnership and any recapture of credit.

An S corporation does not file Form IT-607. It must file Form CT-607. If you are a shareholder in an S corporation that has made the election under Tax Law section 660, obtain your share of the corporation's credit or recapture of credit from the corporation.
