

Instructions for Form CT-248

Claim for Empire State Film Production Credit

Tax Law – Article 1, Section 24 and Article 9-A, Section 210.36

CT-248-I

Temporary deferral of certain tax credits

For tax years beginning on or after January 1, 2010, and before January 1, 2013, if the total amount of certain credits that you may use to reduce your tax or have refunded to you is greater than \$2 million, the excess over \$2 million must be deferred to, and used or refunded in, tax years beginning on or after January 1, 2013. For more information about the credit deferral, see Form CT-500, *Corporation Tax Credit Deferral*.

If you are subject to the credit deferral, you must complete all credit forms without regard to the deferral. However, the credit amount that is transferred to your tax return to be applied against your tax due or to be refunded to you may be reduced. Follow the instructions for Form CT-500 to determine the amounts to enter on your tax return.

General information

Tax Law sections 24 and 210.36 provide for tax credits for the film and television production industry. The Empire State film production credit (also referred to simply as the *film production credit*) is available to taxpayers subject to tax under Article 9-A (general business corporations) or Article 22 (personal income tax). This form is for taxpayers subject to tax under Article 9-A. Those subject to tax under Article 22, complete Form IT-248, *Claim for Empire State Film Production Credit*.

The amount of credit allowed for the current tax year is allocated by the New York State Governor's Office for Motion Picture and Television Development. Attach a copy of your certificate from this office for the credit allowed. However, if your credit is allocated from funds from additional pool 2, you cannot claim the film production credit before the later of:

- the tax year the production of the qualified film is complete, or
- the tax year immediately following the allocation year assigned on your certificate.

For more information, refer to TSB-M-10(7)C, *Summary of Budget Bill Corporation Tax Changes Enacted in 2010*, or contact the New York State Governor's Office for Motion Picture and Television Development.

The credit is based on the qualified production costs paid or incurred in the production of qualified films and television shows. If the amount of film production credit shown on your certificate of tax credit received from the New York State Governor's Office for Motion Picture and Television Development is at least one million dollars but less than five million dollars, the credit must be claimed over a two-year period. If the amount of credit allocated is five million dollars or more, the credit must be claimed over a three-year period.

The credit may not reduce the tax due below the fixed dollar minimum tax. Any allowable credit amount not used in the current tax year may be refunded or credited as an overpayment to next year's tax. No interest will be paid on the refund. Production costs used as the basis for allowance of this credit or used in the calculation of this credit cannot be used to claim any other credit.

For rules and regulations regarding the credit, contact the New York State Governor's Office for Motion Picture and Television Development at nyfilm@empire.state.ny.us or call (212) 803-2330.

Corporate partners

If you are a corporate partner who has any film production credits passed through to you from partnerships, enter in Part 3 each partnership's name and employer identification number, and your pro rata share of the film production credit each one passed to you. Enter the total of these credits on lines 15 and 4. If your partnership allocated credit amounts to you for 2013 and 2014, include those amounts on lines 16 and 17 respectively. Enter on line 1 only the amount of film production credit allocated to your corporation by the New York State Governor's Office for Motion Picture and Television Development.

New York S corporations

New York S corporations will calculate an amount of film production credit. However, the S corporation may not use the film production credit against its own tax liability; instead, the credit is passed through to the shareholders to use against their personal income tax liabilities on their New York State tax returns.

New York S corporations complete only lines 1, 2, 4, 5, 16, and 17. Include the line 5 amount and, if applicable, amounts from lines 16 and 17 on Form CT-34-SH, *New York S Corporation Shareholders' Information Schedule*, which is filed with your New York State corporation tax return. Attach a copy of Form CT-248 to your Form CT-3-S, *New York S Corporation Franchise Tax Return*. Provide all shareholders with the amount of their pro rata share of the film production credit calculated for the current tax year and, if applicable, for the next succeeding tax year(s) (from Form CT-34-SH, lines 38, 39, and 40). The shareholders will file their own Form IT-248 to claim the credit on their New York State personal income tax returns.

Combined filers

A taxpayer filing a combined return as a member of a combined group is allowed to claim the film production credit. The film production credit is computed on a separate basis, but is applied against the combined tax.
