General information
For tax years beginning on or after January 1, 1997, a New York City resident individual, estate or trust, or a New York City part-year resident individual or trust may be eligible for a credit on their personal income tax return for New York City unincorporated business tax (UBT) imposed. The credit is available to partners in partnerships and beneficiaries of estates or trusts that are subject to the New York City UBT.

The credit is only allowed against the following New York City taxes:
- the tax computed on taxable income;
- the separate tax on lump-sum distributions; and
- the tax on capital gain portion of a lump-sum distribution.

If you are a part-year resident and a member of a partnership, you are only eligible to claim a credit for your allocated share of the UBT imposed on your partnership. For more information about claiming this credit as a partner, see the line instructions for Part 1 below.

All references in these instructions to partners in partnerships also include members of limited liability partnerships (LLP), and members of limited liability companies (LLC), limited liability investment companies (LLIC), and limited liability trust companies (LLTC) treated as partnerships.

The amount of credit allowed to a New York City resident or part-year resident with city taxable income of $42,000 or less is 100% of the UBT imposed. The credit decreases gradually from 100% to 23% for taxpayers with city taxable incomes more than $42,000 but less than $142,000. For taxpayers with city taxable incomes of $142,000 or more, the credit is 23% of the UBT imposed. However, the credit allowed cannot exceed the New York City personal income tax (the credit can only reduce your New York City tax liability to zero). Any unused credit cannot be refunded or carried over.

These instructions apply to the New York City personal income tax credit for UBT paid to New York City. They do not apply to the New York City UBT return, which is administered by the New York City Department of Finance, 66 John Street, 3rd Floor, New York NY 10038-3735.

Who qualifies
To claim this credit, you must be a resident individual, estate or trust, or a part-year resident individual or trust of New York City for 2013, and you must be:
- the owner of a business,
- a beneficiary of an estate or trust, or
- a partner in a partnership;
whose business, estate or trust, or partnership is subject to the New York City UBT.

How to claim the credit
To claim the credit for New York City UBT you must:
- Complete Form IT-219 using the information obtained from New York City’s Forms NYC-202, Unincorporated Business Tax Return for Individuals and Single-Member LLCs, NYC-202S, Unincorporated Business Tax Return for Individuals, or NYC-202EIN, Unincorporated Business Tax Return for Estates and Trusts, and NYC-204, Unincorporated Business Tax Return for Partnerships (including Limited Liability Companies), with the associated schedules and worksheets (if applicable).
- Transfer your credit computed on Form IT-219 to Form IT-201-ATT, IT-360.1, or IT-205; and submit Form IT-219 with your return.

Married taxpayers
If you file a joint New York State and city return, your joint New York City taxable income is used to determine the percentage of the UBT for which you are entitled to claim a credit.

If you file separate New York State and city returns, only the city taxable income of the spouse who qualifies for the credit will be used to determine the percentage of the UBT to be claimed as a credit on his or her New York State personal income tax return.

In most instances, a married couple may file separate New York City returns only if they file separate federal and New York State returns. Since many federal and state tax benefits are eliminated or reduced when separate returns are filed, you may want to figure your federal and state tax both ways to determine the best way to file.

Exception: If you are filing a joint New York State return, but you are filing separately for New York City purposes because one spouse is a resident of New York City and the other spouse is a nonresident or part-year resident of New York City, you must file a separate Form IT-219 for each spouse who qualifies for the credit.
