# Annual Schedule B Instructions

## Taxes on Utilities and Heating Fuels

Report transactions for the period March 1, 2015, through February 29, 2016.

### New

Effective December 1, 2015, the Tax Law provides an exemption from sales and use tax for certain sales of electricity generated by residential or commercial (nonresidential) solar energy systems equipment and sold under a written solar power purchase agreement (PPA). These sales are exempt from the 4% state and the 3% Metropolitan Commuter Transportation District (MCTD) sales and use taxes. Counties, cities, and certain school districts that impose local sales and use taxes on sales of residential and nonresidential electricity can elect to provide the new exemption. For more information, see TSB-M-15(5)S, *Sales and Use Tax Exemption for Solar-Generated Electricity Sold Under a Solar Power Purchase Agreement*.

### Who must file
