To be eligible for a 9999 Enhanced STAR exemption, the owners of the property described above must be 65 years of age by December 31, 9999.

For purposes of the 9999 Enhanced STAR exemption, all of the owners must be at least 65 years of age as of December 31, 9999, except where the property is owned by a married couple or by siblings. If the property is owned by a married couple or by siblings, only one of the owners needs to be age 65 by that date. The age-eligible spouse or sibling must be listed on the deed and the property must be the primary residence of that individual.

Our records indicate that one or more of the owners of your property will be under age 65 on December 31, 9999. Nothing in our records indicates that the owners are spouses or siblings. Accordingly, based on the information available to us, the Enhanced STAR exemption may not be granted. However, you will receive the 9999 Basic STAR exemption as long as you qualify.

What to do next
