Instructions

Who may use this form

You may use this form to make an exempt purchase of aviation gasoline from a registered distributor of motor fuel if you are a:

- retail seller of aviation gasoline registered under Article 12-A, or
- fixed base operator not registered under Article 12-A as a retail seller of aviation gasoline who makes sales of aviation gasoline directly into the fuel tanks of commercial or general aviation aircraft for use in the operation of the aircraft.

General information

The purchaser must give the seller (registered distributor of motor fuel) a completed Form FT-1013 to purchase aviation gasoline exempt from tax as indicated on the form.

Note: Blanket certificates issued before December 1, 2017, cannot be used by purchasers of aviation fuel to make a purchase on or after December 1, 2017, that is not subject to the prepaid sales tax on motor fuel. A purchaser must provide the seller a new Form FT-1013 certifying that all the fuel purchased will be sold and delivered directly into the fuel tanks of commercial and general aviation aircraft for use in their operation.

Sellers

When you receive Form FT-1013 from a registered retail seller of aviation gasoline, you must:

- verify the purchaser is registered as a retail seller of aviation gasoline and listed in Publication 532, *New York State Registered Distributors of Petroleum Business Tax Fuels, Metropolitan Commuter Transportation District (MCTD) Motor Fuel Wholesalers, and Licensed Importing Transporters and Terminal Operators*, or
- have a copy of the purchaser's registration as a retail seller of aviation gasoline that indicates the purchaser was registered after the most recent issue of Publication 532.

Publication 532 lists all currently registered retail sellers of aviation gasoline, registered distributors of motor fuel, and other fuel registrations. This publication is reissued quarterly with monthly updates, and can be found on our website at www.tax.ny.gov.

Further, if this is a blanket certificate, you must determine whether the purchaser's name appears in Publication 532 in effect at the time of any subsequent transaction. If the purchaser's name does **not** appear, you are responsible for taxes on all sales made to the purchaser after the date of the publication or the date you become aware that the person is no longer registered as a retail seller of aviation gasoline.

When you receive Form FT-1013 from a fixed base operator that is **not** registered as a retail seller of aviation gasoline, you must deliver the aviation gasoline directly into a bulk storage facility of the purchaser which is at a

fixed and permanent place at an airport within this state and is used solely to fill the fuel tanks of commercial or general aviation aircraft.

If you do not meet the above requirements, then you may not claim to have accepted the document in good faith.

Purchasers

If you furnish your seller with a false or fraudulent certificate to avoid payment of any taxes, you will be jointly and severally liable for the taxes and may also be subject to civil and criminal penalties.
