

## E-file Approved Software Developers for Partnership e-file Tax Year 2011

To participate in the New York State e-file program, you must use tax preparation software that has been tested by the Tax Department. Our testing process ensures tax returns are properly formatted and can be processed when we receive them. Tax Department testing does not imply that we endorse the quality of the software (see also [Important Information Regarding Electronic Filing](#)).

The vendors and products below are approved for partnership e-file for Tax Year **2011**. Vendors and products are added to the table below in the order testing is completed.
