Instructions

Part 1: Calculation of § 1511(c) retaliatory tax credit for insurance corporations organized or domiciled in New York State

Insurance corporations organized or domiciled in New York State should complete this part to claim credit for 90% of retaliatory taxes paid to other states for the privilege of doing business in those states.

Notes:

- Claim credit on the return for the tax year during which the retaliatory taxes were paid.
- For the tax year for which the retaliatory taxes were imposed or assessed, this credit may not exceed the tax payable under Article 33 (before adding the tax surcharge).
- You may only apply the surcharge retaliatory tax credit against the surcharge calculated under **§ 1505-a**. To calculate the surcharge retaliatory tax credit allowed under **§ 1505-a(d)**, file Form CT-33-M, *Insurance Corporation MTA Surcharge Return*.

When another state reduces the amount of retaliatory tax due, you must recalculate the retaliatory tax credit, insurance franchise tax, and metropolitan transportation business tax (MTA surcharge) for the tax year that the retaliatory taxes were reduced.

To report these changes, you **must** either:

- amend your return for the year when you claimed the retaliatory taxes as a credit, or
- provide a schedule of the recalculation of the credit, tax, and MTA surcharge liability to the Audit Division. Mail the schedule to the address under *Retaliatory prints*.

Note: You **cannot** use a credit earned in a different period to offset an adjustment to the amount of the credit and retaliatory tax.

You must file the amended return, or mail the schedule, within **90 days** of a final determination by a competent authority that a refund or credit is due for retaliatory taxes or other charges imposed or assessed by another state. In all instances, you must pay the additional tax and surcharge owed when you amend your return or mail the schedule. See Tax Law §§ 1081(i) and 1515(e)(2).

Part 2: Calculation of § 1511(i) retaliatory tax credit for insurance corporations organized or domiciled in New York State (relating to assessments imposed under Public Health Law § 2807-t)

Claim credit on the return for the year during which the retaliatory taxes were paid. You may not claim a credit amount that exceeds the lesser of:

- the amount of the assessment paid under § 2807-t, or
- the tax payable under Article 33 for the tax year for which the retaliatory taxes were imposed or assessed.

Part 3: Calculation of total retaliatory tax credits claimed and amount to be credited as an overpayment or refunded or both (§§ 1511(c) and 1511(i))
