

Reduction of Beverage Container Tax Rate

The rate of beverage container tax on nonrefillable containers of carbonated soft drinks, mineral water and soda water has been decreased effective December 1, 1995.

The new rate of tax applicable to these containers is one cent per container. It applies to all containers delivered after the close of business November 30, 1995, regardless of the date of the sales contract.

Revised forms reflecting the new rate will be mailed to you in time for filing your quarterly return for the period December 1995 through February 1996. This return must be filed by March 20, 1996.
