

Important Notice

Notice to 12-A Distributors of Diesel Motor Fuel Relating to Publication 787

On June 1, 1999, new regional average retail sales prices per gallon of diesel motor fuel become effective. The enclosed Publication 787, *Chart for Prepayment of Sales Tax on Diesel Motor Fuel*, shows these new prices and the corresponding sales tax prepayments per gallon for each region. As of June 1, 1999, this version of Publication 787 replaces all previous versions.

The new figures in both **region 1 and region 2** are to be used when computing the amount of prep aid sales tax to be collected in **region 1 and 2** on taxable sales of previously untaxed diesel motor fuel sold on or after June 1, 1999.
