The New York State Department of Taxation and Finance (DTF) is soliciting bids from qualified vendors to provide services associated with the issuance of this **Request for Quote (RFQ) # 13-10, Mobile Shredding Services for Buffalo District Office**. DTF intends to procure secure destruction of confidential material located at the Tax Department's Buffalo District Office.

Interested bidders must meet and agree to all of the mandatory requirements described below.

- The Department will require eight (8), ninety-six (96) gallon locked containers be dropped off at 77 Broadway, Buffalo, NY 14203. The number of locked containers may increase or decrease in volume depending on the amount of controlled destruction the office produces. Two (2) locked containers are to be placed on the First (1st) floor. Two (2) locked containers are to be placed on the Second (2nd) floor, and Four (4) locked containers are to be placed on the Third (3rd) floor. The vendor will come to the site monthly to perform mobile shredding services. The vendor will be responsible to retrieve the locked containers from the various floors and bring them down to be shredded. The vendor is also responsible for then returning the locked containers to the various floors after the contents are shredded.
- There may be confidential paper documents that contain IRS information and NYS taxpayer information. All destruction must be in accordance with IRS standards as provided in Section 8 of IRS Publication 1075, attached below as **Exhibit 1**. Please take note of Burning, Shredding, and Pulping of shredding data requirements in the Publication 1075.
- The vendor must be National Association for Information Destruction (NAID) certified and **provide a copy of such certification with the quote**.

- The vendor must agree to provide DTF a Certification of Destruction in accordance with the NAID requirements for each day of service when the services are completed.
- DTF reserves the right to have an Agency employee witness the destruction services.
- The Department may terminate this contract in whole or in part at any time for convenience upon thirty days written notice to the Contractor without penalty or other early termination charges due.
- The winning vendor must agree and stipulate that it will assume all risks of liability in the performance of services to be provided under this proposal, and that it will be solely responsible and liable for damages resulting from all accidents and injuries to person(s) or property. The winning vendor must agree to indemnify, keep and hold harmless, the State of New York, its officers and employees for any and all claims for injury or damage to persons or property, arising out of the service to be performed under this proposal, including negligence, active or passive, or wrongful or improper conduct of selected vendor, its agents, or employees.
- All outstanding tax liabilities, if any, against the vendor in favor of the State of New York must be satisfied prior to contract execution or a payment schedule for their speedy satisfaction.
- The winning vendor must have general liability insurance coverage of Two Million Dollars (\$2M). All staff must be insured against financial losses resulting from their actions, as well as Workers Compensation, Employers Liability, and Disability Benefits as required by New York State. In addition, since the Department's space at the Buffalo location is leased, the vendor may also need to obtain a Certificate of Insurance for the building owner, if required.
- The winning vendor will be required to sign a two (2) year contract with the Department of Taxation and Finance. The contract will include up to five (5) one (1) year renewals to extend services. Services are expected to begin within a week of contract execution.

The winning vendor and all employees assigned to this contract must sign Secrecy Agreements, and agree to adhere to the *Secrecy Provisions of the Tax Law and Internal Revenue Code and Acknowledgement of Confidentiality of Internal Revenue Service Tax Return Information and Internal Revenue Code Selected Confidentiality Provisions Pertaining to Contractors* as set forth below in Attachment 2 and Attachment 3. (See Exhibit 2, Secrecy Provisions for Mobile Shredding Contract Purchase Order).

- All costs associated with the requirements of this RFQ must be incorporated into the Bidder's Quote Response Form (Attachment 1). No other add-on costs are

permitted. Quotes for RFQ #13-10 must be submitted to this Department by **2:00 PM, May 1, 2013.**

DISPOSING OF FEDERAL TAX INFORMATION IRC 6103(p)(4)(F)

SECTION 8.0

8.1 General

Users of FTI are required by IRC Section 6103(p)(4)(F) to take certain actions after using Federal tax information to protect its confidentiality (see Exhibit 2, Sec 6103(p)(4) Safeguards, and Exhibit 5, IRC Sec. 7431 Civil Damages for Unauthorized Disclosures of Returns and Return Information). Agency officials and employees either will return the information (including any copies made) to the office from which it was originally obtained or make the information "undisclosable." Agencies will include in their annual report (SAR) a description of the procedures used.

8.2 Returning IRS Information to the Source

Agencies electing to return IRS information, must use a receipt process and ensure that the confidentiality is protected at all times during transport (see section 4.5, *Handling and Transporting Federal Tax Information*).

8.3 Destruction Methods

FTI furnished to the user and any paper material generated therefrom, such as extra copies, photo impressions, computer printouts, carbon paper, notes, stenographic notes, and work papers must be destroyed by burning, mulching, pulping, shredding, or disintegrating.

The following precautions must be observed when destroying FTI:

- Burning precautions: The material is to be burned in either an incinerator that produces enough heat to burn the entire bundle or the bundle must be separated to ensure that all pages are consumed.
- Shredding precautions: To make reconstruction more difficult, the paper must be inserted so that lines of print

are perpendicular to the cutting line and not maintain small amounts of shredded paper. The paper must be shredded to effect 5/16 inch wide or smaller strips; microfilm and microfiche must be shredded to effect a 1/35- inch by 3/8- inch strips. If shredding is part of the overall destruction of FTI, strips can in effect be set at the industry standard (currently 1/2"). However, when deviating from IRS's 5/16" requirement, FTI, as long as it is in this condition (i.e., strips larger than 5/16"), must be safeguarded until it reaches the stage where it is rendered unreadable.

- Pulping of data should be accomplished only after material has been shredded.

Note: NIST SP 800-088, Guidelines for Media Sanitization, contains supplemental information for media disposal.

8.4 Other Precautions

FTI must never be disclosed to an agency's agents or contractors during disposal unless authorized by the Internal Revenue Code. Generally, destruction should be witnessed by an agency employee. The Department of Justice, state tax agencies, and the Social Security Administration may be exempted from the requirement of having agency personnel present during destruction by a contractor, if the contract includes the safeguard provisions required by the Code of Treasury Regulations (CTR) 301.6103(n)-1. The required safeguard language is contained in Exhibit 7, *Contract Language for General Services*. If this method is used, it is recommended that periodically the agency observe the process to ensure compliance. Destruction of FTI should be certified by the contractor when agency participation is not present.

Electronic media containing FTI must not be made available for reuse by other offices or

released for destruction without first being subjected to electromagnetic erasing. If reuse is not intended, the tape should be destroyed by cutting into lengths of 18 inches or less or by burning to effect complete incineration.

Whenever physical media leaves the physical or systemic control of the agency for maintenance, exchange, or other servicing, any FTI on it must be destroyed by:

- Completely overwriting all data tracks a minimum of three times using maximum current that will not damage or impair the recording equipment; or

Or, running a magnetic strip, of sufficient length to reach all areas of the disk, over and under each surface a minimum of three times. If the information cannot be destroyed as suggested, the disk will be damaged in an obvious manner to prevent use in any disk drive unit and discarded.

When using either method for destruction, every third piece of physical electronic media should be checked to ensure appropriate destruction of FTI.

Note: Hand tearing, recycling, or burying information in a landfill are unacceptable methods of disposal.

SECURITY PROVISIONS FOR MOBILE SHREDDING CONTRACT PURCHASE ORDER

A. Required Forms

The Contractor will require each employee and/or subcontractor assigned to this Agreement to sign form **DTF-202 Agreement to Adhere to the Secrecy Provisions of the Tax Law and the Internal Revenue Code** as set forth in **Attachment 2**; and form **Acknowledgment of Confidentiality of Internal Revenue Service Tax Return Information and Internal Revenue Code Selected Confidentiality Provisions Pertaining to Contractors** as set forth in **Attachment 3**. The Federal Acknowledgment must be signed annually. Both forms will be retained by the Contractor and provided to the Department upon request.

B. New York State Department of Taxation and Finance Secrecy Provisions

The various secrecy provisions of the Tax Law (i.e., Tax Law § 697 (e) and 1825) prohibit independent Contractors from disclosing tax information in any manner and provide for misdemeanor prosecution for violations. The secrecy provisions of the Internal Revenue Code (26 USC § 6103) provide for felony prosecution for unauthorized disclosure of Federal tax information in the possession of the Department.

All other information about the Department's operations not covered by the preceding provisions of law must be kept confidential as if it were so covered. Bidder representatives must comply with the administrative procedures enforcing these rules.

The Contractor, all staff members and subcontractors shall agree not to divulge or use, for their own benefit or the benefit of others, confidential tax administration information; and to subscribe to § 73 and 74 the Public Officers Law.

C. Federal Secrecy Provisions

I. PERFORMANCE

In performance of this contract, the Contractor agrees to comply with and assume responsibility for compliance by his or her employees with the following requirements:

- 1) All work will be performed under the supervision of the contractor or the contractor's responsible employees.
- 2) Any Federal tax returns or return information (hereafter referred to as returns or return information) made available shall be used only for the purpose of carrying out the provisions of this contract. Information contained in such material shall be treated as confidential and shall not be divulged or made known in any manner to any person except as may be necessary in the

performance of this contract. Inspection by or disclosure to anyone other than an officer or employee of the contractor is prohibited.

- 3) All returns and return information will be accounted for upon receipt and properly stored before, during, and after processing. In addition, all related output and products will be given the same level of protection as required for the source material.
- 4) No work involving returns and return information furnished under this contract will be subcontracted without prior written approval of the IRS.
- 5) The contractor will maintain a list of employees authorized access. Such list will be provided to the agency and, upon request, to the IRS reviewing office.
- 6) The agency will have the right to void the contract if the contractor fails to provide the safeguards described above.

II. CRIMINAL/CIVIL SANCTIONS

- 1) Each officer or employee of any person to whom returns or return information is or may be disclosed shall be notified in writing by such person that returns or return information disclosed to such officer or employee can be used only for a purpose and to the extent authorized herein, and that further disclosure of any such returns or return information for a purpose or to an extent unauthorized herein constitutes a felony punishable upon conviction by a fine of as much as \$5,000 or imprisonment for as long as five years, or both, together with the costs of prosecution. Such person shall also notify each such officer and employee that any such unauthorized future disclosure of returns or return information may also result in an award of civil damages against the officer or employee in an amount not less than \$1,000 with respect to each instance of unauthorized disclosure. These penalties are prescribed by IRC Sections 7213 and 7431 and set forth at 26 CFR 301.6103(n)-1.
- 2) Each officer or employee of any person to whom returns or return information is or may be disclosed shall be notified in writing by such person that any return or return information made available in any format shall be used only for the purpose of carrying out the provisions of this contract. Information contained in such material shall be treated as confidential and shall not be divulged or made known in any manner to any person except as may be necessary in the performance of this contract. Inspection by or disclosure to anyone without an official need to know constitutes a criminal misdemeanor punishable upon conviction by a fine of as much as \$1,000.00 or imprisonment for as long as 1 year, or both, together with the costs of prosecution. Such person shall also notify each such officer and employee that any such unauthorized inspection or disclosure of returns or return information may also result in an award of civil damages against the officer or

- employee [United States for Federal employees] in an amount equal to the sum of the greater of \$1,000.00 for each act of unauthorized inspection or disclosure with respect to which such defendant is found liable or the sum of the actual damages sustained by the plaintiff as a result of such unauthorized inspection or disclosure plus in the case of a willful inspection or disclosure which is the result of gross negligence, punitive damages, plus the costs of the action. The penalties are prescribed by IRC Sections 7213A and 7431.
- 3) Additionally, it is incumbent upon the contractor to inform its officers and employees of the penalties for improper disclosure imposed by the Privacy Act of 1974, 5 U.S.C. 552a. Specifically, 5 U.S.C. 552a(i)(1), which is made applicable to contractors by 5 U.S.C. 552a(m)(1), provides that any officer or employee of a contractor, who by virtue of his/her employment or official position, has possession of or access to agency records which contain individually identifiable information, the disclosure of which is prohibited by the Privacy Act or regulations established thereunder, and who knowing that disclosure of the specific material is so prohibited, willfully discloses the material in any manner to any person or agency not entitled to receive it, shall be guilty of a misdemeanor and fined not more than \$5,000.
 - 4) Granting a contractor access to FTI must be preceded by certifying that each individual understands the agency's security policy and procedures for safeguarding IRS information. Contractors must maintain their authorization to access FTI through annual recertification. The initial certification and recertification must be documented and placed in the agency's files for review. As part of the certification and at least annually afterwards, contractors should be advised of the provisions of IRC Sections 7431, 7213, and 7213A. The training provided before the initial certification and annually thereafter must also cover the incident response policy and procedure for reporting unauthorized disclosures and data breaches. For both the initial certification and the annual certification, the contractor should sign, either with ink or electronic signature, a confidentiality statement certifying their understanding of the security requirements.

III. INSPECTION

The IRS and the Agency shall have the right to send its officers and employees into the offices and plants of the contractor for inspection of the facilities and operations provided for the performance of any work under this contract. On the basis of such inspection, specific measures may be required in cases where the contractor is found to be noncompliant with contract safeguards.

- any depository, its officers and employees, to which a return may be delivered;
- any person who is permitted to inspect any report or return;

I certify that I have read the above document and that I have been advised of the statutory and Department of Taxation and Finance secrecy requirements; I certify that I will adhere thereto, even after my relationship with the department is terminated.
