Announcement

New York State Department of Taxation and Finance

Single Source Procurement

Pursuant to New York State Finance Law §163.10(b), DTF is posting the following single source procurement:

DTF entered into Contract C400741 with Imaging Business Machines LLC (IBML) through 12/31/2026 to purchase up to 6 IBML Fusion 7400 scanners and maintenance services for use in the Returns Processing Center for in-house processing of paper tax returns. IBML is the manufacturer of these scanners and has been providing the maintenance as a subcontractor for the current scanners in use. The current scanners are reaching their end of life, it would be extremely costly and highly risky to convert to another company's scanners, as the IBML scanners integrate with the Department's processing system.
