Introduction

The New York State Department of Taxation and Finance Office of Real Property Tax Services (ORPTS) has developed a set of real property use codes which are used by assessors to describe the use of all parcels listed on assessment rolls. The ORPTS classification system is used on the rolls prepared by all New York State assessing units. A description of each of the specific codes is provided as an appendix to this report. Individual codes, which are three-digit, are grouped into nine general categories, referred to as broad use categories. Broad use categories are composed of divisions, indicated by the second digit, and subdivisions (where necessary), indicated by a third digit.

The nine categories are:

Broad Use Category	Description	Broad Use Category	Description
100	Agricultural	600	Community Services
200	Residential	700	Industrial
300	Vacant land	800	Public Service
400	Commercial	900	Wild, Forested, Conservation Lands & Public Parks
500	Recreational & Entertainment		

This report shows the number of parcels contained within 301 different property classification codes which were valid for use on 2023 assessment rolls. County level parcel count summaries for each of the nine broad use categories are also provided in a separate table. Figure 1 shows the relative shares for each of the nine broad use categories. Around 69 percent of the parcels belong to residential class. The next most populous category is commercial property, representing 13.7 percent of all parcels, followed

by vacant land property at 11.5 percent. The remaining valid categories range from a low of 0.3 percent (recreation and entertainment) to a high of 1.4 percent (tie for agricultural/public service). Properties assigned invalid classification codes represent about 0.23 percent of all codes, indicating the high level of successful adoption that the classification system has achieved.

HOW TO LOCATE THE CORRECT PROPERTY CLASSIFICATION CODE

The New York State Office of Real Property Tax Services has developed a simple and uniform classification system to be used in assessment administration in New York State.

The system of classification consists of numeric codes in nine categories. Each category is composed of divisions, indicated by the second digit, and subdivisions (where required), indicated by a third digit. The nine categories are:

<u>Category</u>	<u>Description</u>
100 Agricultural	Property used for the production of crops or livestock.
200 Residential	Property used for human habitation. Living accommodations such as hotels, motels, and apartments are in the Commercial category - 400.
300 Vacant Land	Property that is not in use, is in temporary use, or lacks permanent improvement.
400 Commercial	Property used for the sale of goods and/or services.
500 Recreation & Entertainment	Property used by groups for recreation, amusement, or entertainment.
600 Community Services	Property used for the well being of the community.
700 Industrial	Property used for the production and fabrication of durable and non-durable man-made goods.
800 Public Services	Property used to provide services to the general public.
900 Wild, Forested, Conservation Lands & Public Parks	Reforested lands, preserves, and private hunting and fishing clubs.

The table shown below is part of the coding structure in the Recreation and Entertainment Category. This table demonstrates how to decide what code to use when a property is either clearly described or inadequately described.

- 500 - Recreation and Entertainment (Category)
 - 530 - Amusement Facilities (Division)
 - 531 - Fairgrounds
 - 532 - Amusement Parks
 - 533 - Game Farms
 - 534 - Social Organizations
- } (Subdivisions)

The number "0" has been reserved to fill in the coding structure where description of a property is inadequate to assign a code at the division level, subdivision level or where it was not necessary to establish a subdivision level.

A Recreation and Entertainment facility that cannot be classified at a division level, should be coded "500" (category).

An amusement facility that is not a fairground, amusement park, game farm, or a social organization should be coded "530" (division).

A fairground should be coded "531" (subdivision).
