

## RURAL AREA FLEXIBILITY ANALYSIS

### DEPARTMENT OF TAXATION AND FINANCE

1. Types and estimated numbers of rural areas: Every employer, including any public or private employer located in a rural area as defined in section 102(10) of the State Administrative Procedure Act, that is currently subject to the New York State and City of Yonkers withholding requirements will continue to be subject to such requirements and will be required to comply with the provisions of this rule. There are 44 counties throughout this State that are rural areas (having a population of less than 200,000) and 9 more counties having towns that are rural areas (with population densities of 150 or fewer people per square mile).

2. Reporting, recordkeeping and other compliance requirements; and professional services: This rule requires employers that are already subject to the New York and City of Yonkers withholding requirements to continue to deduct and withhold amounts from employees using the revised withholding tables and other methods. The promulgation of this rule will not require employers to submit any new information forms or other paperwork.

Further, many employers currently utilize bookkeepers, accountants, and professional payroll services in order to comply with existing withholding requirements. This rule will not encourage or discourage the use of any such services.

3. Costs: Employers are already subject to the New York State and City of Yonkers withholding requirements. Therefore, employers are accustomed to withholding revisions, including minor programming changes for federal, state, City of New York, and City of Yonkers purposes. As such, these New York State and City of Yonkers changes should place no additional burdens on employers located in rural areas. See, also, section 4(a) of the Regulatory Impact Statement for this rule.

4. Minimizing adverse impact: Section 671(a)(1) of the Tax Law requires that the New York State withholding tables and other methods be promulgated. Section 1329(a) of the Tax Law requires that the City of Yonkers withholding of tax on wages shall be administered and collected by the Commissioner of Taxation and Finance in the same manner as the tax imposed by Article 22 of the Tax Law. There are no provisions in the Tax Law that exclude employers located in rural areas from the withholding requirements.

5. Rural area participation: The following organizations are being given an opportunity to participate in the rule's development: the Association of Towns of New York State; the Division of Local Government Services of New York State Department of State; the Division of Small Business of Empire State Development; the National Federation of Independent Businesses; the New York State Association of Counties; the New York Conference of Mayors and Municipal Officials; the Small Business Committee of the New York State Business Council; the Retail Council of New York State; the New York Association of Convenience Stores; the Tax section of the New York State Bar Association; the Association of the Bar of the City of New York State and Local Tax Committee; the National Tax Committee for the National Conference of CPA Practitioners; the New York State Society of CPAs; and the Business Council of New York State.
