

RURAL AREA FLEXIBILITY ANALYSIS

DEPARTMENT OF TAXATION AND FINANCE

1. Types and estimated number of rural areas: Every employer, including any public or private employer located in a rural area as defined in section 102(13) of the State Administrative Procedure Act, who is currently subject to the City of New York withholding requirements will continue to be subject to such requirements and will be required to comply with the provisions of this rule. The number of employers that are also public or private interests in rural areas cannot be determined with any degree of certainty. According to information supplied by the former New York State Office of Rural Affairs, there are 44 counties throughout New York State that are rural areas (having a population of less than 200,000) and 71 towns in the remaining 18 counties of New York State that are rural areas (with population densities of 150 people or less per square mile).

2. Reporting, recordkeeping and other compliance requirements; and professional services: This rule requires employers that are already subject to the City of New York withholding requirements to continue to deduct and withhold amounts from employees using the revised City of New York withholding tables and other methods. The promulgation of this rule will not require employers to submit any new information, forms or other paperwork.

Further, many employers currently utilize bookkeepers, accountants and professional payroll services in order to comply with existing withholding requirements. This rule will not encourage or discourage the use of any such services.

3. Costs: Employers are already subject to the City of New York withholding requirements. Therefore, employers are accustomed to withholding revisions, including minor programming changes for federal, state, City of New York and City of Yonkers purposes. As such, these City of New York changes should place no additional burdens on employers located in rural areas. See, also, section 4(a) of the Regulatory Impact

Statement for this rule.

4. Minimizing adverse impact: Section 11-1771(a) of the Administrative Code of the City of New York mandates that City of New York withholding tables and other methods be promulgated. There are no provisions in the Tax Law or the Administrative Code of the City of New York that exclude employers located in rural areas from the withholding requirements.

5. Rural area participation: The following organizations were notified that the Department was in the process of developing this rule and were given an opportunity to participate in its development: the New York Conference of Mayors, the Association of Towns of New York State, the New York State Association of Counties, the Deputy Secretary of State for Local Government and Community Services, the Small Business Council of the New York State Business Council, the National Federation of Independent Businesses, the Division of Small Business of the New York State Department of Economic Development and the Retail Council of New York State.
